

Sue Larkey Seminar Registration Form

The Autism Intervention Trust is a Wellington-based charitable trust comprised of a group of Wellington families dedicated to raising public awareness of autism and intensive early intervention. During Autism Awareness Week pupils from 30 schools across Wellington participated in a Wacky Hair Day to raise funds for the Autism Intervention Trust. This year we tagged the funds raised to go towards two training seminars in Napier and Wellington, and along with the generous financial assistance of IHC, who promote the rights of disabled children to quality inclusive education, we are pleased to be able to fully fund these two seminars.

Attendee Details:

First Name: _____ Surname: _____

Address: _____
